

BAGASSE TABLEWARE PRODUCT LINE

100%
Biodegradable
Tableware Products

About Us

At our company, we are committed to creating a sustainable future with our range of eco-friendly disposable tableware. Made from bagasse, a natural byproduct of sugarcane, our products offer a responsible alternative to traditional plastic and foam options. Bagasse is not only renewable but also biodegradable and compostable, making our tableware a perfect choice for businesses looking to minimize their environmental impact.
